32\_MMBX-50-0-3

A "blind" assembly of the two PCB's is not possible. We recommend a manual lead-in or an additional mechanical guidance.

MMBX application instructions are available at [www.hubersuhner.com](http://www.hubersuhner.com) or from your local HUBER+SUHNER sales representative

### Radial and axial working range

The radial and axial working range is the maximum misalignment that allows a sufficient electrical and mechanical connection.
