

FASTY TRANSPORT STRAPS FOR TRANSPORT APPLICATIONS

FASTY TRANSPORT

Our brightly coloured display case and rack which doesn't only store components, but also serves as a first-class sales support. Here you can attractively and clearly display the various standard polypropylene straps in four different colours alongside the strong FASTY buckle. The strap is designed for all occasions and has a tensile strength of 400 kg.

Choose Your own logo/text on the webbing.

Environmentally friendly packaging, made from recycled material.

HT PP (high tenacity polypropylene) webbing material

High strength

100 % recyclable

Dirt repellent

Automatic control of all buckles before sewing.

Big opening, easy to thread the strap - even with gloves on.

UV-resistant

High color resistance.

Stronger and lighter than casted zinc buckle.

Complies with the high standards of Reach, Rohs and Oeko-Tex.

Environmentally friendly corrosion protection.
